and HUGE Opportunity!

*To Winston Medical Center, where
you can call home and have a
rewarding career in health services.*

Head to Winston Medical Center where you will find a fulfilling career opportunity in a small hometown environment that offers the promise of Southern hospitality living. Winston Medical Center offers a unique experience where everyone has something to gain and nothing to lose. Here's why:

Small Town, Big Opportunity....Live the Dream!

Winston Medical Center invites you to discover a community that offers both the serenity of living in a small town and working in a community that is committed to health. Winston Medical Center is well respected for providing quality primary health care, close to home. Louisville, Mississippi offers an inspiring health care community where the professional and personal benefits are plenty and the direct, hands-on care experience is invaluable. Louisville offers a climate of mild winters and warm summers and once you come to Louisville, you will instantly feel a sense of home.

There is an array of activities to suit any lifestyle. And, whether you are single, or with a family, we're confident you'll discover many reasons to stay and make Louisville your home. You will marvel at the beauty of and delight in the many scenic outdoor attractions in the county. As you stroll downtown Louisville, you will find a friendly main street with a lot of opportunities for shopping, dining, and relaxing with a cup of coffee. Louisville isn't just a small town that seeks to grow—It's a community that really treasures life.

My Home, My Community

“I moved to Louisville because I liked the lifestyle, you are close to big cities but in a small town where we have a small, friendly community that is great for kids. I enjoy working at WMC with staff that is dedicated and who go beyond the call of duty to help our patients.”

*Samantha Dickerson,
Pharmacist*

Beauty Abound

“I love the community. It’s a beautiful place and the people are friendly. I love working for WMC where I feel I can make a difference. I am proud to now call Louisville my home and raise my children in a small town that cares about its people and its community.”

Melanie Kirk, Therapy Director

Rewarding Career

“I am proud to call Winston Medical Center home. After years of working in a corporate environment, WMC intrigued me because of its patient/resident care first initiative. I love the small town, family environment that it provides.”

Lacey Vowell, NH Administrator

The City of Louisville is nestled in the rolling "Red Hills" of East Central Mississippi.

Located adjacent to one of the state’s major four-lane highways (MS Hwy 25), the city enjoys convenient access to Starkville, Columbus, and Tupelo to the northeast and to the state capital, Jackson, to the southwest. Other state highways connect Louisville to major arteries I-55, I-20, and I-59. The city’s municipal airport complements the commercial air services available at the Golden Triangle Regional Airport (GTR) 50 miles to the northeast and Jackson-Evers International Airport (JAN) located 95 miles to the southwest. There are many attractions in Louisville. Legion State Park within the Louisville city limits offers hiking, fishing, swimming, and other types of outdoor recreation in a hilly, forested terrain. Lake-Tia-O-Khata has a white sandy beach, spiral water slides, and a supervised swimming area. Some of Mississippi's best golf courses, Old Waverly and Dancing Rabbit Golf Course are conveniently nearby. The Noxubee Wildlife Refuge is another nearby attraction that allows fishing, picnics, and nature trails. Centrally located to many of the SEC Football teams such as Alabama Crimson Tide, Mississippi State Bulldogs, and Ole Miss Black Bears!

Louisville has many attractions for those of all ages. It is a great location to raise a family.

Home is where the heart is.....we hope your heart is in Louisville, Mississippi.

Our Facilities

Winston Medical Center has been serving the community's health care needs since 1958. Established under the name of Winston County Community Hospital, the East Main facility replaced the Louisville Hospital located in downtown Louisville. With the use of Hill-Burton, state and local funds, the 49-bed hospital began accepting patients on Oct 1, 1958.

In 1972 a 40 bed Skilled Nursing Home was constructed and began accepting patients. It was constructed utilizing state and local funds.

The modern three story 65-bed facility began accepting patients in 1981. In 1995 a new addition to the radiology department added a Helical CAT Scanner to the services at WMC. In 1999, a major renovation focused on the expansion of the Emergency Room and several ancillary departments. The 6,000 sq-ft addition included a new emergency room, a large outpatient/emergency department lobby, expanded laboratory services, respiratory services, and Endoscopy services. In addition to the expansion, the old emergency area was completely remodeled adding an additional 4 trauma beds. In 1983 the old 49-bed hospital was renovated and converted into nursing home beds bringing the total number of nursing home beds to 82. Since 1983, additions to the nursing home have been made bringing the total number of beds to 120.

In 1994, the Medical Center was leased from the County by the Winston County Medical Foundation, a not for profit corporation.

On April 28, 2014, Winston Medical Center was completely destroyed by an EF4 tornado. Currently in the rebuilding phases of recovery, Winston Medical Center is operating in a Transitional Facility. The groundwork for a new state of the art facility has begun with plans to be opened by March 2017.

Today, Winston Medical Center is a comprehensive medical campus that encompasses a 10 bed hospital, 7 bed geriatric psychiatric unit, 74 bed long term care nursing home, and a 24 hour emergency department. Winston Medical Center offers an array of services and procedures including Swing bed, Rehab services, Laboratory, X-ray, Mammography, Ultrasound, CT's, Nuclear medicine, and other Diagnostic Imaging. We are committed to excellence in customer service. The highly-trained and skilled physicians and staff at Winston Medical Center bring the very best to your care--dedication, understanding, and compassion.

Winston Medical Center will continue to expand services to offer care and dedication that our community needs and deserves. At the heart of Winston Medical Center is the desire to offer access to a broad range of quality services along with the goal of not only meeting patient expectations, but also exceeding them every day. Winston Medical Center is constantly expanding to offer more services to those it serves.
